PHP Care Complete FIDA-IDD Plan (Medicare-Medicaid Plan) | 2023 List of Covered Drugs (Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter drugs and items are covered by PHP Care Complete FIDA-IDD Plan. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by PHP Care Complete FIDA-IDD Plan. Key terms and their definitions appear in the last chapter of the *Participant Handbook*.

A. Disclaimers

This is a list of drugs that Participants can get in PHP Care Complete FIDA-IDD Plan.

- ❖ Partners Health Plan is a managed care plan that contracts with Medicare and the New York State Department of Health (Medicaid) to provide benefits to Participants through the Fully Integrated Duals Advantage for individuals with Intellectual and Developmental Disabilities (FIDA-IDD) Demonstration.
- ❖ ATTENTION: If you speak a language other than English, language assistance services, free of charge, are available to you. Call 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free.
- ❖ Si usted habla español, se encuentran disponibles para usted servicios sin cargo de asistencia con el idioma. Llame al 1-855-747-5483 y al 711 para los usuarios de TTY de 8:00 a. m. a 8:00 p. m., los siete días de la semana. La llamada es gratuita.
- ❖ Если Вы говорите на русском языке, Вам доступна бесплатная языковая поддержка. Звоните по телефону 1-855-747-5483 и 711 для пользователей линии TTY/TDD с 08:00 до 20:00, без выходных. Звонок бесплатный.
- ❖ 如果您說中文，您可以獲得免費的語言協助服務。請致電 1-855-747-5483，TTY 使用者請致電711，服務時間為每週七天，上午 8 時至晚上 8 時。本電話為免付費電話。
- ❖ You can get this document for free in other formats, such as large print, braille, or audio. Call 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free.
- ❖ If you would like to make or change a standing request for a preferred language or format, call PHP Care Complete FIDA-IDD Plan Participant Services at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week and we will keep this on file for future mailings and communications. If we do not receive a request for a preferred language or format, we will provide you with your materials in English.
- ❖ The State of New York has created a Participant ombudsman program called the Independent Consumer Advocacy Network (ICAN) to provide Participants free, confidential assistance on any services offered by PHP Care Complete FIDA-IDD Plan. ICAN may be reached toll-free at 1-844-614-8800 (TTY users call 711, then follow the prompts to dial 844-614-8800) or online at icannys.org.

 **If you have questions**, please call PHP Care Complete FIDA-IDD Plan at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free. **For more information**, visit www.phpcares.org.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the *List of Covered Drugs* that starts on page 1 are the drugs covered by PHP Care Complete FIDA-IDD Plan. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- PHP Care Complete FIDA-IDD Plan will cover all drugs on the Drug List if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - the drug is medically necessary for your condition, **and**
 - you fill the prescription at a PHP Care Complete FIDA-IDD Plan network pharmacy.
- PHP Care Complete FIDA-IDD Plan may have additional steps to access certain drugs (refer to question B4 below). In some cases, you may have to do something before you can get a drug, like try other drugs first.

You can also find an up-to-date list of drugs that we cover on our website at www.phpcares.org or call Participant Services at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week.

B2. Does the Drug List ever change?

Yes, and PHP Care Complete FIDA-IDD Plan must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (Prior approval is permission from PHP Care Complete FIDA-IDD Plan or your Interdisciplinary Team (IDT) before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you have questions, please call PHP Care Complete FIDA-IDD Plan at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free. **For more information**, visit www.phpcares.org.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check PHP Care Complete FIDA-IDD Plan's up to date Drug List online at www.phpcares.org.
- You can also call Participant Services to check the current Drug List at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week.

B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and the new generic drug, but your cost for the new drug will stay the same. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will also send you a letter and call you to tell you that the unsafe drug was taken off the Drug List. If a drug you are taking is unsafe and we send you a letter or call to inform you of this, please contact the prescribing provider to choose an alternative medication.

If you have questions, please call PHP Care Complete FIDA-IDD Plan at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free. **For more information**, visit www.phpcares.org.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
 - Replace a brand name drug currently on the Drug List **or**
 - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to question B10.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from PHP Care Complete FIDA-IDD Plan or your IDT before you fill your prescription. PHP Care Complete FIDA-IDD Plan may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes PHP Care Complete FIDA-IDD Plan limits the amount of a drug you can get.
- **Step therapy:** Sometimes PHP Care Complete FIDA-IDD Plan requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables beginning on page 1. You can also get more information by visiting our website at

If you have questions, please call PHP Care Complete FIDA-IDD Plan at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free. **For more information**, visit www.phpcares.org.

www.phpcares.org. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table of drugs on page 1 has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if PHP Care Complete FIDA-IDD Plan changes their rules about some drugs (for example, prior authorization (approval), quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior approval, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can I find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically by the drug’s name, **or**
- You can search by medical condition.

To search **alphabetically**, refer to the Index of Covered Drugs section on page I-1. Then look for the name of your drug in the list.

To search **by medical condition**, find the section labeled “Drugs Grouped by Medical Condition” on page 1. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Angiotensin-Converting Enzyme (ACE) Inhibitors. That is where you will find drugs that treat heart conditions.

If you have questions, please call PHP Care Complete FIDA-IDD Plan at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free. **For more information**, visit www.phpcares.org.

B8. What if the drug I want to take is not on the Drug List?

If you don't find your drug on the Drug List, call Participant Services at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week and ask about it. If you learn that PHP Care Complete FIDA-IDD Plan will not cover the drug, you can do one of these things:

- Ask Participant Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the plan or your IDT to make an exception to cover your drug. Please refer to questions B10-B12 for more information about exceptions.

B9. What if I am a new PHP Care Complete FIDA-IDD Plan Participant and can't find my drug on the Drug List or have a problem getting my drug?

We can help. We must cover a temporary 30-day supply of your drug, as needed, during the first 90 days you are a Participant of PHP Care Complete FIDA-IDD Plan. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior approval by PHP Care Complete FIDA-IDD Plan or your IDT, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in an intermediate care facility (ICF) or other long-term care (LTC) facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a LTC facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new PHP Care Complete FIDA-IDD Plan Participant.
- This is in addition to the temporary supply during the first 90 days you are a Participant of PHP Care Complete FIDA-IDD Plan.

If you have questions, please call PHP Care Complete FIDA-IDD Plan at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free. **For more information**, visit www.phpcares.org.

- If you have been in PHP Care Complete FIDA-IDD Plan for more than 90 days and have a change to your level of care, we will cover up to a 31-day supply of your prescribed drugs.
-

B10. Can I ask for an exception to cover my drug?

Yes. You can ask PHP Care Complete FIDA-IDD Plan or your IDT to make an exception to cover a drug that is not on the Drug List.

You can also ask PHP Care Complete FIDA-IDD Plan or your IDT to change the rules on your drug.

- For example, PHP Care Complete FIDA-IDD Plan may limit the amount of a drug we will cover. If your drug has a limit, you can ask us or your IDT to change the limit and cover more.
 - Other examples: You can ask us or your IDT to drop step therapy restrictions or prior approval requirements.
-

B11. How can I ask for an exception?

To ask for an exception, call your Care Manager. Your Care Manager will work with you and your provider to help you ask for an exception. You can also read Chapter 9, Section F, of the *Participant Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. To file an exception, please contact us by mail at: 10181 SCRIPPS GATEWAY COURT, SAN DIEGO, CA 92131; by phone at 1-888-648-6759; or by fax at 1-858-790-7100.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, you will get a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

PHP Care Complete FIDA-IDD Plan covers both brand name drugs and generic drugs.

If you have questions, please call PHP Care Complete FIDA-IDD Plan at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free. **For more information**, visit www.phpcares.org.

B14. What are OTC drugs?

OTC stands for “over-the-counter”. PHP Care Complete FIDA-IDD Plan covers some OTC drugs when they are written as prescriptions by your provider.

You can read the PHP Care Complete FIDA-IDD Plan Drug List to find what OTC drugs are covered.

B15. Does PHP Care Complete FIDA-IDD Plan cover non-drug OTC products?

PHP Care Complete FIDA-IDD Plan covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include Bufferin Extra-Strength Oral Tablet and Hydrocortisone Topical Cream.

You can read the PHP Care Complete FIDA-IDD Plan Drug List to find what non-drug OTC products are covered.

B16. What is my copay?

As a PHP Care Complete FIDA-IDD Plan Participant, you have no copays for prescription and OTC drugs as long as you follow PHP Care Complete FIDA-IDD Plan’s rules.

B17. What are drug tiers?

Tiers are groups of drugs on our Drug List. All tiers have no copay.

- Tier 1 drugs are generic drugs that are covered by Medicare Part D.
- Tier 2 drugs are brand name drugs that are covered by Medicare Part D.
- Tier 3 drugs are Medicaid-covered drugs and Medicaid-covered over-the-counter drugs (both generic and brand).

If you have questions, please call PHP Care Complete FIDA-IDD Plan at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free. **For more information**, visit www.phpcares.org.

C. Overview of the *List of Covered Drugs*

The following list of covered drugs gives you information about the drugs covered by PHP Care Complete FIDA-IDD Plan. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page I-1. The index alphabetically lists all drugs covered by PHP Care Complete FIDA-IDD Plan.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., PAXIL or LAMISIL) and generic drugs are listed in lower-case italics (e.g., *ibuprofen*).

The information in the necessary actions, restrictions, or limits on use column tells you if PHP Care Complete FIDA-IDD Plan has any rules for covering your drug.

Note: The * next to a drug means the drug is not a “Part D drug.” These drugs have different rules for appeals.

- An appeal is a formal way of asking for a review of and change to a coverage decision if you think there was a mistake. For example, PHP Care Complete FIDA-IDD Plan or your IDT might decide that a drug that you want is not covered or is no longer covered by Medicare or Medicaid.
- If you or your doctor or other prescriber disagrees with the decision, you can appeal. To ask for instructions on how to appeal:
 - Call Participant Services at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week.
 - Contact ICAN toll-free at 1-844-614-8800 (TTY users call 711, then follow the prompts to dial 844-614-8800) or online at icannys.org.
 - Read Chapter 9, Section F, of the *Participant Handbook* to learn how to appeal a decision.

C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Angiotensin-Converting Enzyme (ACE) Inhibitors. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

lowercase italics = Generic drugs. Generic drugs are on Tier 1 of our Formulary.

CAPITALIZED = Brand name drugs. Brand name drugs are on Tier 2 of our Formulary.

PA = Prior authorization (approval): you must have approval from the plan before you can get this drug.

PA NSO = Prior authorization (approval): you must have approval from the plan before you can get this drug – New Starts Only.

PA BvD = Prior authorization (approval): you must have approval from the plan before you can get this drug – Part D vs. Part B coverage determination applies.

ST = Step therapy: you must try another drug before you can get this one.

QL = Quantity limit: limit to the amount of a drug you can get.

NM = Not available through Mail Order.

* = Not a Part D Drug.

PA-HRM = This drug has been deemed by CMS to be potentially harmful and therefore, a High-Risk Medication for Medicare beneficiaries 65 years or older. Members age 65 years or older are required to get prior authorization from the plan before you fill your prescription for this drug. Without prior approval, the plan may not cover this drug.

NDS = Those drugs that are limited to a 30-day supply.

LA = This prescription may be available only at certain pharmacies.

Age: AGE (Max 64 years), age is older than X

If you have questions, please call PHP Care Complete FIDA-IDD Plan at 1-855-747-5483 and 711 for TTY users, 8AM to 8PM, seven days a week. The call is free. **For more information**, visit www.phpcares.org.
